Guidelines 2021

DRAFT

“The principle of service, critical to the application of our Eleventh tradition, is not a passive principle. To be of maximum service to the still-suffering addict, we must energetically seek to carry our message throughout our cities, towns, and villages. Our public relations policy is based on attraction, to be sure, not promotion. But to attract the still suffering addict to our program, we must take vigorous steps to make our program widely known. The better and broader our public relations, the better we will be able to serve.”
